French Menu Project

Objective: Create a menu for a new restaurant.

The Menu must:

- be written in French
- be colourful and organized
- include at least 3 categories of food (appetiser, entrees, desserts, drinks, breakfast, dinner, lunch, etc.) with at least 4 food items in each category.
- include prices for each item in the correct French format (for example, \$4.95 would look like 4,95\$)
- include at least one picture for each food category
- include your restaurant's name

Criteria	4	3	2	1
Content	You've included a restaurant name and address, more than 3 food categories with titles, and more than 4 relevant items in each category.	You've included a restaurant name, 3 food categories with titles, and more than 4 relevant items in some categories.	You've included a restaurant name, 3 food categories with titles, and 4 relevant items in each category.	No title is included. Fewer than 3 food categories. Food categories are missing titles. Fewer than 4 food items in each category. Food items are not relevant.
Mechanics	The menu is written in French. All prices are written in French formatting. No errors.	The menu is written in French. All prices are written in French formatting. Few errors (1-4).	The menu is written in French. All prices are written in French formatting. Some errors (5-8).	The menu is written in French. All prices are written in French formatting. Frequent errors (9+).
Visual Presentation	More than one relevant image for each category. Menu is balanced, organized, and fully coloured. No pencil marks. Publishable.	More than one relevant image for some categories, and one for the rest. Menu is balanced and colourful. No pencil marks. Looks like a good copy.	One relevant image for each category. Menu may be too empty or too cramped in spots. Pencil marks are visible. Some colour is attempted. Looks like a rough draft.	Does not include one relevant image for each category. Menu is too cramped or too empty. No colour is used. All writing is in pencil. Looks unfinished.
