

Title: _____

Question (What do we want to know?): _____

Hypothesis (What do I/we think will happen and why?): _____

My/our variable (What will change between experiments?): _____

My/our materials (What do I/we need for the experiment):

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

The procedure (What steps do we follow to do this experiment?):

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

11. _____

A drawing of my/our experiment with labels showing the various parts.

My/our conclusion (What did we learn from this experiment): _____

Why did I/we get these results?: _____

The presentation board

materials	title	observations and data
procedure	question	conclusion and explanation
	hypothesis and variable	bibliography
